Pittsburgh Spine Summit

August 7-9, 2025

**Allegheny General Hospital
Pittsburgh, Pennsylvania**

Sponsored by:

Allegheny Health Network Neuroscience Institute

Allegheny General Hospital

Pittsburgh, Pennsylvania

Conference overview

The Pittsburgh Spine Summit is an annual meeting devoted to advancing the field of spine surgery through the exposition of relevant spine surgical skills, advanced technologies and complications from master spine surgeons. The program is designed for senior-level residents and early-career spine surgeons from both Neurosurgery and Orthopedic Surgery backgrounds. Physician assistants, nurse practitioners, nurses and other physicians involved in the care of patients with spinal disease are also encouraged to attend. This will be an in-person hands-on laboratory and didactic event, with the option for attendees to participate in the didactic portion virtually.

The course will consist of:

- Lectures from world-renowned invited faculty discussing their most complicated cases
- Presentation of standard and advanced approaches for the thoracolumbar and cervical spine
- Hands-on cadaver dissection sessions which will expose attendees to and reinforce their knowledge in the latest technology in minimally invasive surgical techniques
- Interactive case review sessions with invited faculty

Every year a host of preeminent surgeons take the stage to discuss their most thought-provoking lessons gained from their surgical experience. Past keynote speakers have included Volker Sonntag, MD; Hansen Yuan, MD; Arthur Steffe, MD; Edward Benzel, MD; and Hamilton Hall, MD.

Intended Audience: neurosurgeons, orthopaedic spine surgeons, residents, medical students, basic science researchers, physician assistants, nurse practitioners, nurses and others interested in the latest advances in spine surgery.

Conference objectives

At the end of this course, attendee will be able to

- Practice complex surgical techniques
- Perform implant techniques
- Perform robot assisted procedures
- Describe osteobiologics and usage
- Demonstrate and apply advanced spinal techniques

CME accreditation

This conference will provide a total of 5.25 hours of education.

Friday: 2.75 | Saturday: 2.50
